

Journal of Geomatics
(A publication of the Indian Society of Geomatics)

Vol. 10 No. 2

October 2016

Research articles

- | | | |
|----|---|-----|
| 1 | <p>Conceptualization and development of Sericulture Information Linkages and Knowledge System (SILKS)
P.S. Singh, B.K. Handique, D. Chutia, P.T. Das, J. Goswami, C. Goswami, C.J. Prabhakar, K. Dhanraj and P.L.N. Raju</p> | 108 |
| 2 | <p>Iterative deconvolution approach for high resolution satellite imagery
Chandan Trivedi, Shilpa Prakash, Devesh Jinwala and B.Kartikeyan</p> | 114 |
| 3 | <p>Drainage Morphometry of the Dhasan River basin, Bundelkhand Craton, Central India; Using Remote Sensing and GIS Technique
K. Prakash, T. Mohanty, S. Singh, K. Chaubey and P. Prakash</p> | 121 |
| 4 | <p>Automated Extraction of rooftop for estimating Photovoltaic Energy Potential: Case of Bhopal City, Madhya Pradesh, India
Kakoli Saha</p> | 133 |
| 5 | <p>Temporal dimensions in rice crop hyperspectral profiles
Christos G. Karydas</p> | 140 |
| 6 | <p>Comparative study of distributed search protocols used in distributed geospatial systems
Sreeja Suresh and Sameer Saran</p> | 149 |
| 7 | <p>Application of Remote Sensing to assess environmental impact of limestone mining in the Ariyalur District of Tamilnadu, India
G. Sarath Kumar and A. Nallapa Reddy</p> | 158 |
| 8 | <p>Vicarious calibration of resource Sat-2 LISS-III and Landsat 8 OLI sensor satellite data
G.D. Bairagi, Sandhya Raikwar, V.N. Sridhar, Shweta Sharma, R.P. Prajapati and A.K. Shukla, P.K. Verma, R. Sharma and Alope Mathur</p> | 164 |
| 9 | <p>Geomatics for assessing impact of water resources development; A case study of Bhukhi watershed (5H2B5), Kachchhdistrict, Gujarat, India
S.V. Nimavat, A.K. Sharma, M.S. Gadhavi and A.S. Rajawat</p> | 172 |
| 10 | <p>NeQuick2 model for single-frequency ionospheric delay mitigation
Ashraf Farah</p> | 179 |
| 11 | <p>Site Suitability analysis for calibration of RISAT-1 SAR Sensor using point targets
A M Shukla, Mihir Rambhia, P.R. Patel, Gautam Dadhich and Shweta Sharma</p> | 187 |
| 12 | <p>A novel geospatial approach for identifying optimal sites for setting-up of mobile telecom towers strategically
Victor Saikhom, Dibyajyoti Chutia, P.S. Singh, P.L.N. Raju and S. Sudhakar</p> | 192 |

13	Predicting urban sprawl for Rajkot City using SLEUTH model and GIS techniques Shaily R. Gandhi, Shashikant A. Sharma and Anjana Vyas	199
14	Monitoring and assessment of desertification using satellite remote sensing P.S. Dhinwa, A. Dasgupta and Ajai	210
Short Note		
15	3D Modeling of subsurface utilities using ground penetrating radar data Arnab Dutta and Sameer Saran	217
