

Journal of Geomatics
(A publication of the Indian Society of Geomatics)

Vo. 4, No. 1	April 2010
Contents	iii
1. Development of a mobile GPS-GIS data processing software <i>P.M. Udani and Ajai</i>	1
2. Remote Sensing, GIS and Markov's method for land use change detection & prediction of Jaipur District <i>Pran Nath Dadhich and Shinva Hanaoka</i>	9
3. Geographical Information System based morphometric analysis of Ghat Gad and Gheria Gad microwatersheds of Ladhiya-Lahaghat watershed of Sarju river in Champawat, district, Uttaranchal <i>Virendra Kumar and Ashwani Kumar Srivastav</i>	17
4. ICT and Geomatics as process tools for community centric watershed development <i>P.G. Diwakar and S.G. Mayya</i>	25
5. Assessment of positional accuracy of GPS – A case study <i>S.S.V. Chalam and I.V. Murlikrishna</i>	31
6. Spectral profile approach for wheat yield modeling using MODIS data in India <i>M.P. Oza, H.P. Bhatt, S.P. Vyas and N.K. Patel</i>	37
7. Action plan for combating desertification in cold dry sub-humid region of Kathua District (J&K) <i>P.S. Dhinwa, S.K. Pathan and Aiai</i>	43
8. Model Indices Development for knowledge-based classification of wetland using IRS-P6 AWiFS data: a case study in Gujarat <i>Rafia Sethwala, Reshu Aearwal, M.B. Dhodakia and J.K. Gare</i>	49
National Geomatics Awards	v
Format for nomination for National Geomatics Awards	vi
