Brief Biodata of Cmde S M Urooj Athar

Commodore Urooj Athar is a serving commissioned officer of the Indian Navy. He is the Principal Director II, at the Directorate of Naval Oceanology and Meteorology of the Naval Headquarters. He is an Electronics Engineer by qualification. He has served the Navy with distinction for more than 29 years. He has done a number of **specialist courses after joining Navy in Meteorology, Oceanology, Military Strategy and Management**. He holds **four Masters' degree(s)** in varied subjects from Meteorology, Satellite Meteorology, Defence and Strategic Studies and Management Studies. He is credited with several path breaking initiatives in the METOC organisation in the Navy, including introduction of modelling and conceptualising and steering a project for developing a ship voyage planning and decision support system. He has been commended by the Commander-in-Chief for devotion to duty, conferred the Best Instructor Award and has singlehandedly steered landmark procurement cases. He has the singular distinction of getting a new Met Unit established. He also has the unique record of being the only Officer of his branch to have commanded two Units together. He was appointed as the Officer-in-Charge of a professional training school and Director of an operational support Unit together from 2014 -2016. He has many other laurels to his name having taken up the most difficult cases related to METOC organisation's HR issues during each one of his assignments.
